As I said, repeated efforts were made, and made in vain, to heal the difference. This conferring of Presidential patronage -of vast millions-more than the monarch of Great Britain enjoys, and nearly as much as the French despot wields-this patronage induced Mr. Buchanan to believe that he could make his test successful. How was it made? | Gentlemen, when the chapter which shaft detail the manner in which the Administration has used its patronage to force this test upon the white men of the North is written, it will be a BLACK CHAPTER. When our children and our children's children shall come to read it, they will not believe that an American citizen, elevated to the Presidential chair in the face of such a people, coverod with such an armor of pledges, could have gone into that chair to have used his army-ay, his army and the treasure-your money and minefor the purpose of putting down that gallant band of men simply for standing by God's plain truth; and I could wish that when the historian comes to write he be not compelled to write that that President was born in Pennsylvania. Fair Play and no Gouging! PENN'A Dutch, vs. YORK STATE YANKEES! Great Trial of Reapers

At LIMESTONEVILLE, June 25, 1858. By especial request and written challenge of the agent sent to us to meet MANNY'S Patent Grass and Grain Reaper with WOODS great Improvement, we met on Mr. Weidenbauer's farm at Limestoneville, Montour Co. Pa. on the above date. We also met a KETCHUM Machine, belonging to Mr. Eshbach, which worked very well.

The machines went to work in the forenoon and worked untill noon, when the Manny men slipped off, brought another Manny's Reaper with Wood's great(!) improvement, worked for some time, and then positively refused to finish the piece of mowing allotted to them! Mr. Weidenhamer went in with the LEWIS-BURG Machine and finished the field.

Being no book publishers, we do not deal in "valler kivered" pamphiets filled with pretty pictures and glowing certificaties, some of which are of questionable propriety, especially such as are referred to in the Manny "primer, dated June 20, 157, respecting a trial in Lebanon country, signed by John A Shafer and Michael Manny primer, and a size of the A Shafer and Michael Ely. 26, the balance of the Committee, but out of the Court for the wife feer Killinger, Abroham Reckbill, Schaller brainger and Jehn Stadler) having given their certain act decidedly in favor of the LEWISBURG Respec.

RECOMMENDATION. In this treatise it will be seen that the object has been to give the farmer that kind of information which enables him to make practical application to fertilize his land and increase his grain, folder and pasture ge. The decettines, as taught by this manuring, and folder, and pasture cultivation system, are rational, clear and reident, and eaggest an improvement in the mode of agriculture hillierto unknown to our farmers, and which, if adopted, and carefully practiced can not fail to advance the interests of the farming community. Such a work has been much wanted, as it fills a void which has long been fail, but which there has hitherto been no attempt to supply. And as farmers of Centre and Huntingdon counties we recommend the work to every farmer, as they will reap the greatest possible benefit from it.
